EVIDENCIAS DE LA ENTREGA DE LA PRUEBA TÉCNICA CRUD CLIENTES ALIANZA

El siguiente documento tiene como objetivo mostrar evidencias gráficas del desarrollo y funcionamiento de toda la prueba realizada para la posición de Líder Técnico de Desarrollo con tecnologías como Java y Angular.

Nota: La pantalla del Login no se encontraba dentro de la propuesta, se añadió como plus con el objetivo de implementar ciertos niveles de seguridad en la aplicación, el usuario actual en base de datos es el siguiente:

Usuario = prueba.123@hotmail.com

Contraseña = Lucho..1070

Login

Pantalla Administración de Clientes (CRUD)

Búsqueda Sencilla por SharedKey

Búsqueda Avanzada por los demás campos

Advanced Search

Botón Refrescar Tabla

Creación de Nuevo Cliente

Modificar Cliente Existente

Eliminar Cliente Existente

Exportar Clientes a Archivo CSV

Cerrar Sesión Actual

Pantallas 100% Responsive

Cabe aclarar que gran parte del look and feel está basado en el modelo propuesto para la prueba, pero, evidentemente se desarrollo a base de componentes novedoso en el DOM haciendo uso del framework PrimeNG.
